

ARCHEA FINAL MEETING

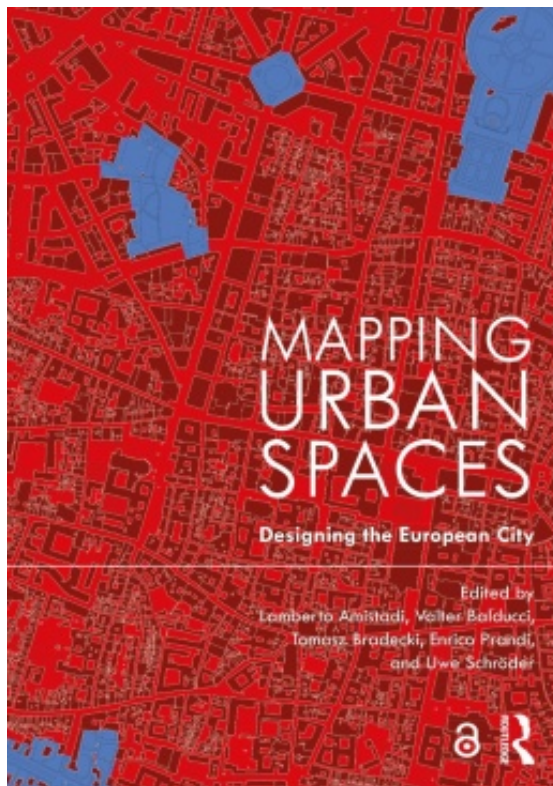

JULY 30th 2021 - 10:00 - 17:00

The Final Multiplier Event of the Archea project is dedicated to the presentation of the final results of the programme, the so-called Intellectual Outputs.

The seminarial event will be structured in two sessions: IO4 - Scientific Research will be presented in the morning session, while the other Intellectual Outputs will be presented in the afternoon session.

CFP for Architects - See more information: [Link](#)

Results of the Programme

IO4: Mapping Urban Spaces. Designing the European City

The most prestigious international architecture publishing house, **Routledge** by **Taylor and Francis Group** has published the book **Mapping Urban Spaces. Designing the European City**, curated by Lamberto Amistadi, Valter Balducci, Tomasz Bradecki, Enrico Prandi, Uwe Schröder.

308 pages that collect the 5 theoretical-design approaches to the design of the European medium-sized city of the members of the strategic partnership.

It is available for pre-order [LINK](#)

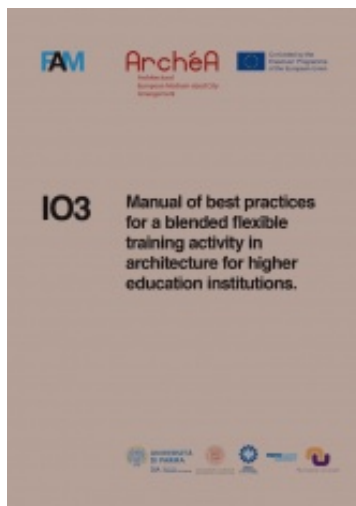

C3: Projects for Aachen Drieter Hof

The projects developed by the individual groups in the context of **C3, Architectural Design Workshop** in Aachen are collected in a book edited by Enrico Prandi published in the Urban Composition Research series by the **LetteraVentidue** publisher.

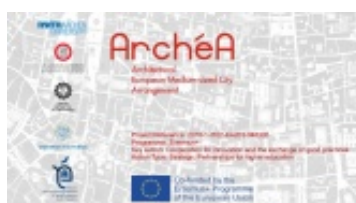

C2: Projects for Bologna

The projects developed by the individual groups in the context of **C2, Architectural Design Workshop** in Bologna are collected in a book edited by Valter Balducci published by the **ENSA Normandie**.

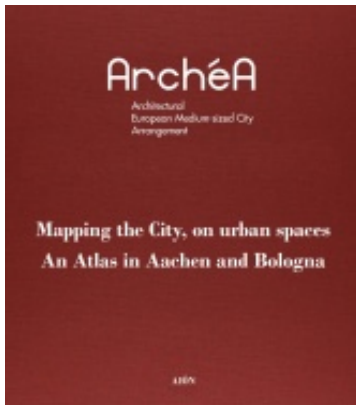

IO3: Manual of Best Practices for a Blended Flexible Training Activity in Architecture Higher Education Institution

The manual edited by Enrico Prandi and Paolo Strina, published as a special issue of the **FAM. Research and Projects on Architecture and the City** Open Access e-Journal magazine, collects examples of international best practices for a Blended Flexible Training Activity in Architecture Higher Education Institution.

IO2: MOOC - Online Course

An entirely online course on the platform MOODLE "**Some theoretical addresses of Urban Design**" that refer to the Strategic Partnership of Archea, freely usable starting from the academic year. 2021-22 by students from all over Europe (5 CFU / ECTS).

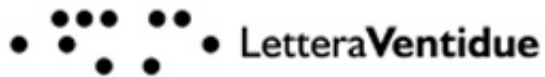

IO1: Re-Drawing of the Open Space of the European Medium-Sized City - Aachen and Bologna

Each partner is responsible for the analytical-interpretative re-drawing of Aachen and Bologna, drawn up according to their specific approach to study, quality evaluation and the design of the Open Space of the European medium-sized city.

The Re-Drawing are published in an Atlas by **AION Publisher**

ARCHEA is a Strategic Partnership between Alma Mater Studiorum University of Bologna, University of Parma, RWTH Aachen, Rheinisch-Westfaelische Technische Hochschule (Germany), Politechnika Slaska di Gwilice, (Poland), ENSA Normandie, Ecole nationale supérieure d'architecture de Normandie, Rouen (France).
